

Seamless Nickel Alloy Tubes & Pipes

German Quality Made in Asia

With some of our partner mills that specialize in High-End materials, we supply seamless nickel alloy tubes & pipes of high quality.

1. Products descriptions:

Grades	Standards	Dimensions
Monel 400, Incoloy 800/800H, Incoloy825, Inconel600, Inconel625, Hastelloy C-276, UNS N08825, UNS No 2200, UNS No 2201, ...	ASTM B161, ASTM B163 ASTM B165, ASTM B705 ASTM B677, ASTM B729 ASME SB165, ASME SB167 ...	OD: 5-219mm WT: 0.5-23mm

2. Special properties:

Nickel-base alloy pipes of different grade have different special properties:

- ◇ Good mechanical properties, with high strength and toughness, good ductility over a wide range of temperatures.
- ◇ Outstanding corrosion resistance in reducing and oxidizing environments,
- ◇ Excellent corrosion resistance over wide range of temperatures and conditions.
- ◇ Excellent resistance to pitting and stress-corrosion cracking (e.g. Hastelloy C-276.)
- ◇ Excellent heat resistance

3. Applications

- ◇ Widely used in severest environments in chemical processing, pollution control, pulp and paper manufacturing industries.
- ◇ Furnace muffles, electronic components, chemical and food processing equipment, heat treating equipment, nuclear steam generator tubing.

Connecting the Industrial World
